

AMARI

ARTISANAL CAFE & BAR

The Art of Artisanal Food & Flavour

At Amari, our philosophy is simple: exceptional food begins with exceptional ingredients.

We believe in celebrating food at its freshest, while staying true to authentic flavours, quality produce and the traditions behind them. To bring this vision to life, Amari has partnered with **Chef Sagar Bajaj**, whose culinary approach reflects our shared commitment to ingredient integrity, craftsmanship and thoughtful cooking.

Our journey begins long before a dish reaches the kitchen. We work with trusted farmers, growers, producers and suppliers, with a strong emphasis on responsibly sourced produce, clean ingredients and quality at every stage. We have travelled through origins and regions to bring authenticity to the Amari table. Our pasta begins with carefully selected semolina; our tomatoes and olive oils are sourced from the Mediterranean; and even our pommes frites come from Belgium. Every choice is intentional, because an honest plate begins with an honest ingredient.

In the kitchen, Chef Sagar and the Amari culinary team combine authentic flavours with refined technique, modern processes and food science – from fermentation and temperature control to preservation methods designed to protect freshness and flavour.

This is the food culture we want Amari to stand for: better ingredients, cleaner labels, conscious sourcing and thoughtful cooking.

Authentic in flavour | Conscious in sourcing | Fresh in approach
Crafted with skill | Guided by science

Morning Rituals

A thoughtful beginning to the day, built around freshly baked breads, farm fresh eggs, seasonal produce and slow crafted accompaniments. From comforting café classics to Amari signatures, every plate is designed for leisurely mornings and all day cravings.
